For people in our community who are homeless or at risk of becoming homeless, finding help can be challenging. Coordinated Entry creates a simpler way for people to get the help they need.

Coordinated Entry ...

* creates an easy to use and efficient way for people experiencing housing insecurity to access services

* uses an unbiased system for prioritizing people for placement in services

* provides a more efficient system for nonprofit service providers

* provides data to help our community better plan for housing needs
Coordinated Entry

1,510 households
3,312 individuals

Each Rectangle below represents a family who completed a Coordinated Assessment to determine their eligibility for housing and other programs.
Coordinated Entry officially launched January 23, 2018

Many families have called Coordinated Entry and completed assessments

Clients come from nearly every city in the tri-county region

A majority of these households have incomes below the poverty line
