Provides emotional support to women during and after breast cancer treatment.

Program includes:

Description

- Peer mentorship where a newly diagnosed breast cancer patient is paired with a survivor to encourage them during treatment.
- Partnership with Build-A-Bear to provide teddy bears to children impacted with breast cancer.
- Podcast call, " Besties with Breasties" hosted by two survivors who talk about treatment in retrospect and provide validation and information to lesson isolation.
- Respite house in partnership with Innsbrook Resort in Innsbrook, Mo for women who need a break fir the rigors of treatment.
